Peace & Disarmament to Stop Slaughter

War 'No Solution of Europe's Ills'

England is no longer the dominant economic or political power in Europe.

That situation holds danger for England, but not for the United States.

And the only final solution to England's problem is not more armaments, but universal disarmament, "which must come sooner or later if the world is to survive."

Many Trips to Europe.

Those were highlights in Dr. J. B. Kelso's address on "England" at the dinner program of the Mens club in the University Christian church. As a professor of art history in Minnesota, Pennsylvania and Ohio colleges, he made many trips to Europe for original research.

'Arms Won't Settle It'

"Nothing would be more unpopular than to believe in universal disarmament as a first step to settling world problems," he said. "But armaments and war haven't settled anything permanently in thousands of years, and they never can."

I CAN'T PLEASE THEM ALL

(Over KGB, Wednesday 7:15 pm, March 19, 1941)

It is quite interesting to read the various letters people write to me, and to the radio station, concerning my broadcasts and the articles in THE BROOM. Here is a sample of some of them: " . . your commentator is pro-German and should not be let to continue his speeches. I also believe he is against the **churches** and **politicians.** If he and the Communist party want to fight their differences, why should he say so on the radio?" The writer of this letter lives in Ocean Beach and is a helper at the naval air station. The letter was addressed to KGB.

Now one addressed to me care of the Radio Station: "Mr. de Aryan: I am glad to listen to your radio talks and admire your courage to stand for the right. You are a man of intelligence; ability and courage which is needed so badly in this world, and am sure your efforts will do much good . . " The writer of that letter lives in La Mesa.

Here is a third sample addressed to KGB: "As one of the many visitors in this beautiful city I want to express my appreciation of your broadcast which I heard early tonite. We 'tuned in' at seven o'clock and soon thereafter heard the "deAryan Comments" given by the editor of "The Broom" and his young son. The broadcast was so unusual—so full of clear thought, sincerity and interest that I feel impelled to write you how greatly we enjoyed it." The writer does not give her address, she wrote on stationery of the U. S. Grant Hotel in San Diego.

Now a letter from Las Animas, Colorado. The lady tells me that THE BROOM is worthless. She had asked for some sample copies which I mailed her. She says that she could not find anything constructive in it and that I am blaming the International Bankers for the second world war again. She thinks that I am as bad as Hitler, and should be ashamed of myself, especially since I took an oath to obey the constitution.

But a fifth letter from a city in the Pacific northwest, gives me the dickens accusing me of being sympathetic to the Freemasons and controlled by Jewish money. She says: "If you are dependent upon Jewish advertising to run your press, then it is no honor to be a contributor to your columns." Speaking of the Freemasons she lambasts me as follows: "Yes, the King of England and all his brothers are high moguls in the Masonic Order that is taking over the U. S. A. You really ought to read Mein Kampf too and the book of Mormon, to learn something about Hitler, for one of my friends who subscribed to your paper is very much disgusted to find you 'so wet behind the ears' regarding Hitler and the German people."

Drafted to Slaughter Each Other

Now folks, that covers all sorts of people who read THE BROOM or listen to this program. You heard what they think of me. Some say that I am a Jew baiter, others get disgusted because I don't opprove of the brutalitarian tactics of Mr. Hitler and Mr. Churchill. Oh yes, I don't approve of the British blockade that starves the occupied countries of Europe. The trouble with me is that I am interested in people and not in the burocrats who run Germany and England. I have no use for the bombing of London and the other civilian populations in England, France and Germany. I see the dead, the crippled and the horror of massacres and it does not inspire me with admiration. I am siding with Mr. Hoover who wants to feed the hungry and clothe the naked and visit the dying. I side with Pope Pius XII who wants to bring peace and not prolong the war until the British have crushed Germany, if that could ever be done. I am thinking of our boys, my boys and your boys. I do not want to fill their hearts with hatred to go out and kill. Whom will they kill? They will kill people who are as unwilling to take life as they are themselves. The men in Europe's armies did not make the war, they are the victims of war just as much in Germany as in England, as they were in France and are in Greece.

The trouble with me is, I have travelled much. I have worked and earned my living all over the world. I know people and I know that they do not want to go out and kill other people. They are being drafted to kill others who also have been drafted. That is the horror of it. Do you imagine the German soldiers enjoy bombing England, if the German soldiers had their own choice? Do you imagine our boys would enjoy killing German women and children?

50,000 Is the Cost of Killing One Soldier

Did you ever stop to figure what it cost to kill one soldier in war? In the days of the Roman Empire it cost 75c to kill a soldier in battle. In the days of Napoleon it cost $3,000 to kill a man; in our American Civil war the price went to $5,000; but in the present war with all these high powered mechanical units it cost $50,000 to kill a man. It is quite plain that those who get killed make no profit out of war; neither do those who are maimed and crippled. But $50,000 for each dead person leaves a lot of profit to those who are in the business of war making as a business proposition.

It is quite easy, then, to understand why Pope Pius is not in favor of continuing and spreading this war all over the whole world. It is quite plain why Herbert Hoover prefers to fed the starving, especially since all those European countries have frozen funds in the U. S. which they want to use to buy food and pay cash for it here in America. I take the same view that the Frenchmen are taking, they say that the Germans are more considerate of France than the British are, because the Germans gave them back the wheat they had taken from France, that the French people may eat, but the British sink and capture the French food laden boats on the high seas and starve the French people.

In fact, folks, while I am not a Freemason, while the Jew baiters complain that I don't understand Hitler and his aims, while the lady from Colorado calls me a Jew baiter, I must confess that I am not interested to please anybody or to excuse myself or to apologize for what I am doing. I look at things as they are. I see people suffering and starving. I see Hitler on one side and Churchill on the other driving their people to murder each other and now we are drafted to pay for it all and Hoover's plan is turned down. I see the suffering of the millions and I hate neither Jew, German, China-man, nor Briton. I see the unnecessary slaughter and horror and I see that somebody makes $50,000 from every one who gets killed. And that is blood money. I do not cheer for it and I am being assailed by the Nazis and their sympathizers for denouncing Hitler's callousness when he followed his bent for armament and mass murder to liberate Germany from the Treaty of Versailles. He could have done it without war. And I have no sympathy for Churchill and his methods of starving the people who have enough troubles of their own, being conquered by Hitler, without adding starvation on top of it all. In fact I am against war as an instrument of settling international disputes. It never settles anything, bankrupts everybody, brutalizes the world, increases the crime wave and gives billions of profits to a handfull of international war mongers on both sides. If you would only see what is going on in Germany and in England behind the scenes you would find that certain individuals are amassing fortunes in both countries from the war and are interested in keeping it going. War does not just happen.

Look back right here in America at the propaganda work of the past two years to get us all worked up for the war. It is done systematicallly and is well financed. At $50,000 for every killed person there is a lot of profit left even after the taxes are paid. That's why today we figure by the billions. If I am a monster who ought to be silenced because I see the screaming wounded, the dead and the orphaned and I see no glory in war, then, of course, go ahead and silence me.

(Prnter's Note: Speaking of silencing and the cost, or should I say profit, of killing a soldier is $50,000, the present administration in Washington is willing to spend **50 billions** to silence Hitler, and incidently help the International Bankers make several billions out of the same deal—and Americans think they are enjoying prosperity. It is only more blood money that may prove to be a boomerang, which may not only cost them their freedom and liberty but their necks in the bargain, if they don't wake up and help those whose eyes are open to put a stop to the dastardly, vicious and traitorous acts that are taking place within the administrative forces of our government.)

Burocracy in Competitive Business

What would you say if the health department should allow its inspectors to get into some sideline business, like selling butcherknives? What would happen if every butcher were approached by the food inspector to buy **his knives because they were of superior quality?**

What would happen if every liquor dealer were approached to buy some supplies he needs **from a liquor inspector?**

The health inspector and the liquor inspector has authority to cancel licenses. Would those so approached dare refuse to buy?

Suppose the traffic cop went into a sideline of selling tail end reflectors and stopped every motorist, advising him to equip his car with the **superior brand** handled by the cop?

Tell me, what would happen?

Labor Racket Fees

(Over KGB, Wednesday 7:15 pm, March 19, 1941)

Did you ever stop to think that the government takes a lot of money out of payrolls through the social security tax. Suppose the government would take over the labor unions and merely collect the initiation fees, the dues and the fines and assessments which the labor unions are charging to all who want to work. Don't you see that the government would not have to collect any social security taxes but would have money to spare and save the working men a lot of headaches. Believe it or not, but with this increase in strikes and more taxes to win the war for England, such a saving is just around the corner.

Montgomery Ward Business as Usual

Labor dictation hit a snag at Montgomery Ward. Pickets do not detain patronage, in fact they invite it. The public does not favor labor racketeering in San Diego. Montgomery Ward's employees prefer to organize their own union instead of paying tribute to outsiders.

Balboa Park Highway _ Vote YES

Proposition I on the ballot which needs a two thirds majority for a highway through Balboa Park to connect the down town city district with Los Angeles and other points north, should be overwhelmingly endorsed by every voter. Just place your mark in the upper portion besides the word YES on the ballot to carry both parcels of land. Do **not mark** the lower section where it says NO unless you want to vote against giving this land for a highway.

Primary Election

In the 4th Councilmanic District it is apparent that Councilman Boud will make the ticket. He is Benbough's man. Second choice is to be established by the voters. Competing for it are George J. Lapthorne whom we consider the best man. Bill White does not campaign sufficiently to gain at the polls. "Sir Harry" Warburton who was licked in the assembly race by Paul Richie because the people remember this Britisher's bad record in the city council too well to have sent him to Sacramento, is vying for the nomination with crackpot Andrew K. Weir who is working hard from house to house.

Agricultural Water Minimum Going Up

The city council is going to increase the irrigation water minimum to $8.33 a month. They are increasing the minimum and deliberately are conspiring to destroy the small orchards which have been planted in oranges, avacadoes and other citrus fruit. If they would charge the cost of watering those orchards to advertising and deduct this from the donations they make to the Chamber of Commerce, the city would still get better advertising from those citrus groves than they get by paying the money to the Chamber of Commerce and eastern magazines. Heaven on earth in San Diego, means plenty of flowers and orchards; I am sure Joe Dryer should take a hand to stop this move of laying waste the small orchards, for it destroys this heaven on earth.

No Jew Domination

Don't imagine that I hate Jews. One hates only those one fears. I fear no man; they are either good or bad. The good love me, the bad are fools. I fear no fool; he is licked before he started. But as long as Jews are arrogant enough to dictate to us and tell us what to do, or say, or publish, we naturally will give them hell, just to make sure.

"Hate the Sin, but Love the Sinner"

A Catholic priest wrote to Winchell: "I know you think Hitler is a rascal. So do I. But, aren't we all rascals in relation to the good God? Consequently, you must not hate the fuehrer in the sense that you wish injury to his immortal soul, but rather pray for him as Christ prayed for His persecutors on Calvary. The best rule to follow is that one practiced by St. Augustine: 'Hate his sin, but love the sinner.' "

INCOME TAX OF RACKETEERS

SACRAMENTO,—The whole matter is very hush-hush as yet, but certain labor leaders, feuding with certain other labor leaders, may shortly ask the Legislature to drag out the income tax returns of several business agents and other union officials who are suspected of having more cash than scruples. It's a nasty situation.

War Powers vs. Constitutional Powers

According to the U. S. Supreme Court
Editorial in "THE HERALD", Hot Springs, N. M.

In 1861 the United States Supreme Court said: "The Constitution of the United States is a law for **Rulers** and **People**, equally in War and in Peace, and covers with the shield of its protection all classes of men, at all times, and under all circumstances . . . No doctrine involving more pernicious consequences was ever invented by the wit of man **Than that any of its provisions can be suspended during any of the great exigencies of government."**

"Such a doctrine leads directly to **Anarchy or Despotism,** but the theory of necessity on which it is based is **False** for the government, within the Constitution, has all the powers granted to it which are necessary to preserve its existence, as has been happily proved by the result of the great effort to throw off its authority . .

. . . Wicked men, ambitious of power, with hatred of Liberty and contempt of law may fill the place once occupied by Washington and Lincoln; and if this right is conceded, and the calamities of war again befall us, the danger to human liberty is frightful to contemplate.

"If our fathers had failed to provide for just such a contingency, they would have been false to the trust imposed upon them. THEY KNEW —the history of the world told them—the nation they were founding, be its existence short or long, would be involved in war; how often, or how long continued human foresight could not tell; and that **Unlimited Power,** wherever lodged at such a time, was especially hazardous to freemen.

"For this, and other equally weighty reasons, they secured the inheritance they had fought to maintain, by incorporating in a written Constitution the safeguards which time had proved were essential to its preservation. . . Not one of these safeguards can the President, or Congress, or the Judiciary disturb except that concerning the writ of habeus corpus."

There you have a safe and sane decision by our highest Court. In the same decision that Court held the writ of habeous corpus could only be suspended in case of **Rebellion or Invasion,** and that only in the immediate section in which military actions were taking place. SO MUCH FOR NUDEAL WAR POWERS !

Sleep On — Thou Stupid Americans !

IGNORANCE MAY BE BLISS
By LOIS de LAFAYETTE WASHBURN

Scanning the local newspaper of March 6th, 1941—though there is not much but falseness and boredom in any of the New Deal controlled press any more—there happened to be, among the notices of coming events, the following:

"Festival of Purim Will Be Observed

"The Festival of Esther, known as Purim and which is to be observed by Jewish communities and congregations next week, will provide the theme for the Friday evening services at Talmud Toran Synagogue.

"Services will be dedicaetd to the women's auxiliary of the congregation and officers of the auxiliary. Rabbi ———'s topic will be, 'Esther, a Personification of Jewish Womanhood'. After the services there will be a tea and social hour in the vestry rooms."

Now to the average reader this means not a thing. Probabbly not one out of a hundred thousand Bible students could tell you anything about the significance of this "Festival" or the meaning of the word "Purim". Sounds very harmless and PURE, doesn't it? Would you really like to know something about it?

Turn to the nineth chapter of the Book of Esther in the Old Testament, captioned, "The Jews destroy their enemies". Rather, supposing you start reading with the last line of the eighth chapter, which reads: "And many from among the peoples of the land **became Jews** for the **fear of the Jews** was fallen upon them". It seems we have a replica of that situation in the United States of America today—that a majority of the so-called "Christians" have "gone Kosher", particularly our Congressmen and Senators in passing the Jew Dictator Bill 1776, our Bureaucrats and even the Supreme Court Judges (by individual appointments one by one).

But back to our subject of Esther and the Festival of the Purim—"Esther, the Jewess, whom the Persian King, Ahasuerus, (485-465 B. C.) was persuaded to take as Queen, induced him to give his consent that the Jews be allowed to massacre their enemies, including many of the most influential personalities of the Persian Kingdom. In the Palace of Shushan 800 Persians were killed, and further 75,000 in the Provinces. Mordocai, the Jewish counsellor to the King of Persia and formerly Esther's legal guardian, ordained 'that these days should be remembered and kept throughout every generation, every family, every province and every city; and that these days of Purim should not fail from among the Jews, nor the memory of them perish from their seed.' " (Esther 9-28).

Seems like it has been a custom since before the birth of Christ for the Jewesses to "vamp" the Kings in order to gain the upper hand for their tribe. And thus you have explained the virtue (?) of Jewish womanhood "personified" by Esther.

Yet some of our so-called Christian Churches (Methodist in particular) organize "Queen Esther Societies" among their young people to celebrate MURDER! Meanwhile, intelligent people are condemned for lack of "RELIGIOUS TOLERANCE".

WHOSE WAR?

Editor, The Broom:

"Our Forefathers" of America were from England—the land ruled by those with great wealth. Their wealth was gotten thru slavery—their slaves were in all of Britain's Colonies.

As America prospered the ambitious peoples of Foreign Lands came here. Instead of trying to keep the "New Country" free and out of the hands of seekers of wealth and wielders of intrigue, a certain class of the "immigrant" started in to build up the same devastating regime as that practiced in Great Britain.

Before our so-called Civil War, these selfish interests were at work to undermine The New World, because this "new World" was getting along without help from The Old World. A most insidious plan was set in motion years before the Civil War, to get this country back as a "Colony" of Great Britain! Our Civil War was in that plan, and if history books could be circulated to tell the truth, our present tying up with England would never have happened!

Our school books little by little have been changed and written to belittle The New World, while holding up as a Beacon Light, our greatest real enemy—The world from which our forefathers fled!

Gradual deceit of election promises have grown, until the brutal betrayal of the election promises of 1940 have proved to be wedges of disunity for these United States of America.

Degrading and stupifying propaganda given over the radio by arrogant and pretentious leaders of our people, is changing us from a peaceful nation into a warring nation—warring for the very country that we, as a free people, left centuries ago. Now the Real Lion of history is grabbing us in his cunning claws!

What the workers in the United States of America have worked centuries to secure is on the slippery ways for a slide into the briney depths. Awake, America, Awake! Are we Americans or British?

—Descendant of a Mayflower Passenger.

CANTOR WAS RIGHT

By Roy O. Akers

Some time back, I believe about two years ago, Eddie Cantor, the bragger of Jewish superiority in Hollywood, talked to local Jews in San Diego at the U. S. Grant Hotel, and in that speech he said " . . . and what has happened in Germany can happen in America."

How true is his statement, now that the real significance of that remark has finally sunk in. The Jews took over in Germany after the first world war, and that is the planned scheme for this country—hence "what happened in Germany, etc". **is actually shaping up for the old U. S. A.**—Say what you will to the contrary.

U. S. Teaches Sabotage To Special Army Corps

WASHINGTON,— The army said that sabotage, "destruction and demoralization" would be the mission of the highly specialized corps of fighters it is training for landing behind potential enemy lines by parachute and plane.

The objectives were set forth in a routine "new training circular" of war department, prescribing rules and regulations for these "task forces". **Editor's Note:** When we sabotage them it's a virtue, when they sabotage us it's a crime.

K M T R, Sunday, 1 pm,— G. Allison Phelps announced that there are 750 refugee agencies in the U. S. which find jobs for European Jews and set them up in new business in competition with Americans.

Dietary Improvements

WASHINGTON,— America's civilian nutrition experts will not attempt to imitate Hitler in shooting synthetic vitamins into wartime diets. Their study of German soldier menus lead them to doubt extravagant reports of der fuehrer's accomplishments in this field.

Healthman McNutt, however, is mobilizing dietary experts throughout the nation. His aids are forming committees in states, cities and counties. They will make a survey of eating habits—and purchases—and try to improve the vitamin content. They have persuaded processors, especially of flour, to restore the body-building strength now removed in milling. As a result, bread flour will contain 85 percent of wholesome wheat germs instead of about 60 percent. They have devised new soups containing such nourishing ingredients as onions, parsley, celery, skim milk, soy beans. It comes in solid form, and the addition of water makes it a stasty, stick-to-the-ribs dish. The Red Cross has begun to use the receipt in the soups it is shipping to France. They may soon be placed on the home market.

In making soldiers and civilians more fit, the United States thinks it will not have to resort to the Hitler methods of injection. Through education—the food stamp plan—specially arranged army menus—the government hopes to make us strong with more healthful foods than mother ever made.—Ray Tucker.

An Echo from the Past

Clark Cornell 30

Boyd Cornell 24

Artesia, Cal., March 2nd

A. Cornell,
Boise Valley Herald:—I have been reading about your two sons Clark and Boyd Cornell in "The Broom; (San Diego, Cal.) also, their articles therein.

I wish to express my sympathy; and at the same time, extend to you my congratulations on your having two sons who have taken such a strong, Christian and patriotic stand; and to them for their stand for God and country.

It is my belief that the conscription law is absolutely unconstitutional; that it is a blot on our Flag; and that it is anti-social and anti-Christian.

There isn't the least doubt but what it is human slavery of one of the foulest types; that it is a direct attempt to prepare us for another needless, Godless war—for the sole purpose of making a few rich, richer still; and also, an attempt to cover up the stupid blunders and failures of the Roosevelt administration by an attempt to create an artificial labor shortage by the taking from the ranks of the workers millions for a needless army.

It will undoubtedly be hard for your sons during the months they are denied their freedom, and it is of course unpleasant to be classed as a criminal; but since their actions are not criminal but of the highest Christian and patriotic nature, they need have no feeling of shame for themselves; but rather a feeling of shame for their country, that has so far forsaken God as to thus trample on human rights.

There isn't much that I can do; except to endeavor to speak a word of encouragement.

I went thru the World War an absolute pacifist. I was given a public invitation to withdraw my membership from the church to which I belonged and was active in its work and support; an invitation to withdraw because of my pacifist stand. I was followed home from church by a mob seeking revenge. I was illegally thrown in jail and kept there over night and denied my legal and constitutional right of having an attorney; or contacting my folks or friends.

I was sent to camp, where I spent nearly five months; refusing to accept an assignment to any type of war work, so-called combatant or non-combatant. My work in camp was next to nil, a day or two at the receiving company; three or four days at an officer's mess; a few days on a forest fire detail; and a very short time after the Armistice was signed in a Y.M.C.A. recreational hall. I was in company of conscientious objectors; and I can honestly say that these men with but few exceptions, were the finest men I have ever met. As a class, I know of no class not even the Christian ministry that stand on a higher spiritual plane; are more progressive in spirit; better educated; or more loyal to home, country, to mankind and God than the pacifist is.

I have suffered many nearaches since the war, due to my pacifism; it cost me greatly in money; the loss of friends at times; was one of the causes of a boycott against my business in 1930-31-32; before the depression finally ruined it and caused me the loss of everything that I had.

I have mentioned these things, feeling that it may encourage your sons to stand by their convictions, which I feel from what I have read of them they will. For I most certainly would not change if I had it to do over; except that I would endeavor to take an even more definite and stronger stand against all war and preparedness than I have done, if I have failed anywhere along the line.

I have no regrets for my pacificsm. On the other hand, I have talked with hundreds of men who were drafted as soldiers, and who volunteered who have plenty of regrets that they had not seen the light and did not take a stand against the last war and the last draft. —

AMERICA IN DANGER

By Chas. B. Hudson

OMAHA,— The time for academic discussion of this Bill that makes our President (rather the forces behind him—i. e., Organized Jewry-Intl. Finance) the **Dictator of the whole world,** is past. Yes—that's what that Bill does—read it! Senators who are **for** that Bill were either bought or intimidated. Since Christian Americans are too poor to buy them back, **there is but one alternative.** A traitor that yields to fear of an organized minority, must be made to feel afraid of the unorganized majority. The following incidents prove that such traitor-Senators are afraid of what even a few score of aroused Christian American MOTHERS represent. What would they do if thousands stormed Washington?

With all credit due to the courageous few Senators who have opposed this Bill, picture a Senator in the Senate barber shop, with his head all lathered, jumping out of his chair and running to his office and locking himself in—when a few MOTHERS found him in that shop after being denied for days the **right** (not privilege) to see him in his office. That actually happened! Picture other Senators taking name plates off their doors—to make it more difficult for MOTHERS to find them. That happened! Picture Senators sneaking out of side doors. Picture Senators stationing armed guards at their office doors. Picture the hiring of special "tough" guards to rough MOTHERS, many of them grandmothers. Picture newsmen and photographers being on the scene ahead of time when an "incident" was created by such guards not only to insult, intimidate and bruise MOTHERS, but to discredit such MOTHERS in public's estimation—said public only knowing what they read in the papers and hear over the radio! All these things happened! And many, many more incidents, that space herein prevents giving due coverage.

E. G., the first time Mrs. Dilling was arrested, notwithstanding that the City Desks of newspapers and news services were furnished signed statements by her as to the actual events leading up to her arrest, the papers printed such lies as these: that she and her secretary Miss Lundgren had been arrested for creating a disturbance **after** the MOTHERS had been ejected from the Senate chamber.

Afraid of Mothers

FACTS: they had never been in the Senate chamber; the two gentlewomen were forcibly ejected and taken to police station **before** the MOTHERS were ejected. The MOTHERS had been in Senator Pepper's office waiting to see him. He had slipped out and gone to the senate chamber. The group then went to the Capitol, and were quietly ushered into the Senate chamber waiting room, where it is customary for Senators to come out to see their visitors. Mrs. Dilling, a taxpayer in Florida, sent in her card, but again Pepper refused to see her. Yet, most of the time he, like many other Senators during the debates on H. R. 1776, stayed away (no doubt fearing they might hear many good reasons why they should vote against that Bill, and don't want their consciences pricked by truths); thus he could have behaved like a gentleman as well as a **servant** as he really is, and complied with requsets of those who pay his salary, etc. But, he wasn't man eough!

So, the MOTHERS who had been refused sight of his august presence for about a week at his office, started chanting "WE WANT PEPPER!" They had so chanted three or four times, when in rushed burly guards who grabbed gentlewomen Dilling and Lundgren so roughly that both carried black and blue bruises for days afterwards. Other guards kept the MOTHERS inside, not permitting them to go likewise to the police station.

There obviously was no case against them so Miss Lundgren was released instantly, but Mrs. Dilling had to pay the price of leadership, and be made an example of, to intimidate the MOTHERS and discredit them in public eye. She was required to deposit $5. and appear the next morning, which she did with about 50 women, and after being permitted by the Judge to make her own defense, in which she made a logical and brilliant speech, the case was dismissed and her $5. returned. She didn't have a lawyer, nor need one.

Press Service — Liars

Yet the press blared "CONVICTED", one paper going so far as to say her $5. had been retained by the Court as a peace bond. A deliberate lie. As part of the smear campaign it is said the Capitol guards whispered it around that many were not MOTHERS, and that Mrs. Dilling had no right to lead real mothers, she having no children. She has a stalwart son of draft age in April, and an athletic daughter of 15. It's in "WHO'S WHO".

Some papers claimed these gentlewomen were arrested for having broken into the Senate chamber. Another lie. Too, how was it that the scores of newsmen and photographers just "happened" to be on the scene of the false arrest, and yet, altho the press stated hearing would be in Police Court the next morning, no photographers nor any interviewers were there? Yet the evening papers all carried lies about the whole affair. Mrs. Dilling called the newsmen, asked them why they didn't use the signed statement of facts, why they distorted and lied, and would they be good enough to correct in next issue, not only for her sake, but for the larger cause of truth and fact that these MOTHERS were fighting their battles to save our REPUBLIC, keep us out of war, etc.? No retractions or corrections were published, and even now, the press in reporting her second arrest—another "framed" affair—continue to refer to her "conviction" in the first arrest. In past we have cited evidences of press "control". Can anyone deny it?

Mrs. Dilling's final paragraph of her Statement to the Court and Press hardly needs comment: "When loyal American mothers, urging maintenance of our REPUBLIC, can be repeatedly ousted from our Capitol and refused their Constitutional rights of petition by elected traitors bent on destroying our form of **Government,** then indeed dictatorship is already upon us **before** Bill 1776 is passed."

Jewish Administration

Abraham Lincoln's definition was never more applicable than today: "There is an important sense in which the **Government** is distinct from the **Administration**. One is perpetual; the other temporary and changeable. A man may be loyal to his Government and yet oppose the peculiar principles and methods of the Administration". Our Govt was once a Christian Constitutional Representative REPUBLIC. The present Administration has perverted it into worse than what preceded our Revolution of 1776. Is the "control" purposely creating conditions egging true Christian Americans to revolt once more, as an excuse to "liquidate" them as done in similarly "planned-that-way" situations abroad?

Reverting to Washington and MOTHERS' CRUSADE against H. R. 1776. The Washington city police cooperated in every way, being gentlemen. When the several MOTHERS groups combined to stage a parade—said to have been the best affair seen in Washington for years—the city police closed a street, furnished an escort, and if could have had notice sooner, would have furnished a Boys Band to lead the parade. News reels took pictures of it.

Reminding, that in attempts to secure even a few drummers to head the parade, it was found that various Army units could not furnish musicians for even the D. A. R. or the Red Cross without having to take it up with local Musicians Union, which has authority only to say "No". To get a "Yes", it is necessary to take it up with AFL-gangster Petrillo at Chicago, so nothing is being done along that line anymore. Also learned that the allegedly Russian-born Jew **Leopold Stokowski,** a Communist, now has final say about Army bands, robbing them of best players to make up a band for allegedly foreign tours. Also it was found that in trying to secure players from Legion, Elks Club, etc. bands, one finally runs up against Jews as their managers.

Synagogue of Satan

Reminding, too, with the drafting of our sons, in view of utter unreliability of news from Administration, how will American mothers and fathers ever know whether that Administration (which has seized and perverted our Govt.) has seized 600,000, or millions of our sons, for its unlawful uses? With our sons being scattered and being moved about over the land, millions could be drafted and regimented without parents knowing the facts. With both men and women in industry, on farms, etc. likewise being regimented in name of "defense", an unscrupulous Administration (such as we have) could any time it wished plunge us into any sort of chaos, wars, etc. that serves its purpose. History proves the "control's" purpose is to enslave all peoples under dictatorship merged under one Satanic control, altho the fiction may be maintained in the open that the world is under three Administrations, to-wit: London, Berlin and New York City (Washington).

How significant that when the MOTHERS first picketed the White House, and were kept out by locked iron gates plus guards, that on the inside out of the cold sat Eleanor R. entertaining at tea 9 Jews and 6 Negroes. Also, Mrs. Roosevelt entertained, during the MOTHERS' CRUSADE, the wife of the British Ambassador (Halifax's heir married to Rothschild). Yet that Ambassador for Organized Jewry-Intl. Finance, who was welcomed on way up the river by Pres. Roosevelt—first time in history such deference accorded an Ambassador—has been guilty of calling on Chmn. of both House and Senate Committee (Jew Bloom and Sen. George respectively), and engaging in subversive activities that have caused truly American Presidents in the past to send such Ambassadors back home.

Not only did the White House (which entertains Kings, Queens, foreign and local conspirators, and even prostitutes) fail to invite the MOTHERS to any function, but it is significant of the "fear" that exists in our Capitol City, that **none**, to our knowledge, of the established hereditary or otherwise patriotic organizations, even offered to aid the MOTHERS in any way. Yet we know of one MOTHER who, to stretch her pennies as far as possible, lived on one loaf of bread and a head of lettuce a day! Yet there were those who urged thru the press that the F. B. I. investigate the leaders and sources of finances of this CRUSADE! As many as four mothers cooped up in one room to keep their room expense down to 75c to $1. per day. One's heart aches as he grits his teeth in helpless righteous indignation when he learns the facts, and then observes the selfish blinded complacency of those who are permitting the "control" to take-over and Sovietize our once Christian Constitutional Representative REPUBLIC!

These MOTHERS came from as far as western Kansas, Iowa, Minn., Wis., Ill., Ind., Mo., Mich., Ohio, Pa., N. Y., Mass., Conn., and Md. The "fear" or "complacency" is so great in Washington that to our knowledge only one of the over 300 in the parade was a local citizen. She is the representative of our First Americans, the Indians, and she has fainted from privations and seen her people die of starvation on reservations now under the Atheistic, Communistic control of Ickes, Collier, et al. She, a comparative newcomer to Washington, has succeeded in getting exceedingly damaging evidence into the records, despite the persecution. She has learned the ropes around Washington by hard experience, and as operator of a rooming house for living quarters (MOTHER of stalwart son and splendid daughter), and one who knows many of our Congressmen and Congresswomen, courageous Christian First American, **Mrs. Jemison,** was the mainstay of local assistance rendered the MOTHERS—placing them in homes, steering them into worthwhile activity. Contrary to propaganda out, such as Jew **Winchell's** Sunday night warning-inference that these MOTHERS were being deluded by convicts, this CRUSADE was and still is, strictly a spontaneous response on the part of **informed** women from mid-west and eastward to the calls made by Mrs. Dilling and other MOTHERS groups leaders—to MARCH **ON** WASHINGTON. Station WGN and the CHICAGO DAILY TRIBUNE, and other publications, backed the idea, and Mrs. Dilling, (who has no organization despite propaganda to contrary) appealed to her friends —heads of groups and individuals—to go to Washington to defeat H. R. 1776.

People's Property

Contrary to impressions generally current, and played up thru all possible channels, the Govt. **not** the Administration) property at Washington and elsewhere belongs to the people. The Senate is not a "holier-than-thou" private club as many of those Senators and Administration leaders would have one believe. Any rule such an Administration makes that interferes with the Constitutional rights of free citizens, is an admission of the guilt of that Administration, which thereby convicts it of treason and demands that the citizens oust such usurpers, by force, if necessary. Citizens have a perfect right to sit down in the halls of the Senate Office Bldg., or any other of the mammoth Govt. bldgs. that house bureaucracies paid for and supported entirely by taxpayers.

Citizens by the tens of thousands can, and maybe will have to, in order to save our REPUBLIC, pour into Washington and peaceably take-over such bldgs. as living quarters until Congress sees its way to break away from the "control", and once more act as **servant-representatives** of the people.

Thus, the controlled press attempts to infer that the MOTHERS who were forced out of the Senate Office Bldg. for sitting along the wall of Senator Glass's office, were staging a "sit-down strike" comparable to the Communist-led "sit-down strikes" of the CIO. The latter seized, not public, but private property, and not only were the CIO gangsters non-owners of such property, but often they had never even worked in such plants. There is absolutely no comparison in the two situations, yet the unthinking public is propagandized to believe that the MOTHERS and the unlawful CIO are in the same category. Nothing could be further from the truth.

For advancing above truths, we can expect another inspired press story to urge the F. B. I to investigate your editor, as was done in eastern papers several weeks ago. To our knowledge we have never been called upon by either Dies Committee or F. B. I. agents, all propaganda to the contrary notwithstanding. The four law suits, two publicized in Nation's press as being filed against me for libel in amounts of $25,000., have never materialized. I have never had a lawyer call on me, nor have I ever been subpoenaed, but for benefit of new readers of these bulletins, I have had many death and other threats, and my family has been subject to one form of pressure and another, some of it traced to Organized Jewry and gangsters.

I am thankful that Omaha, where I have lived almost 50 years, has an unusually clean and fearless administration particularly in the Mayor's office, in the Police Dept., in other city offices and in some of the County offices. Christian Americans owe it to their local administrations to help them in every way towards good government. Remind your Police officials that in times of chaos engineered by Organized Jewry-Intl. Finance (such as has been done overseas), first to be liquidated are honest policemen.

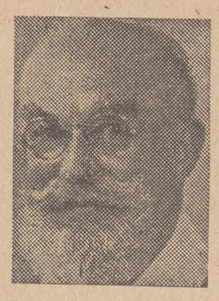
Also, to remind you what is behind the "control's" plans, read on p. 293 of his own book "THE WORLD CRISIS", part-Jew **Churchill's** suggested tactics to get your sons and mine overseas: "It ought to be possible to organize in Canada an American volunteer force amounting to at least a division, which could go into action as such. **Nothing will bring American sympathy along with us so much as American blood shed in the field".**

HEALTH-GERMS

By George Starr White, M. D.

Hay Fever and Diet

Every Fall, Hay Fever, or Pollen Fever, is prevalent. This year it appears even more widespread than usual. Some cases appear to result from an "allergy" to certain pollens or other substances that are inhaled; while others seem to arise from upset digestive tracts alone, and continue long after the autumn season has passed.



Dr. Geo. Starr White

If possible, discover the cause, and if it is a certain plant which is irritating you, keep away from it. Then correct the diet and build up the system so you will be less susceptible.

Too many "eats" will make the mucous membranes so touchy that ANY dust or floating pollen will irritate the nose and eyes.

One patient was "sneezing her head off". I had her cut out all sweets and everything with flour in it, and all fats. She recovered quickly. Then she ate a whole-wheat "bun", and within five hours was sneezing and "crying" from nose and eyes. After cleaning out the bowels, she is well again.

Another case takes on these spells for the first time in her life from the odor of any common flowers in the markets. If she goes by a flower-stand, she starts to sneeze. For "first-aid", she gets plain mineral-oil in the drug store, and with a dropper drops two or three drops into the nose, while lying on the back, several times a day. That helps prevent the floating particles in the air from irritating the "allergic" membranes. But only a change in her diet and living habits will effect a "permanent cure".

The victim should eat no fat of any kind; no sugar except honey; and no grain or soy-bean foods. Raw spinach and parsley should be eaten daily. A good rule for most victims is to "eat about a third what they usually eat", as stuffing with even the best foods is a frequent cause.

"Vitamin" Capsules

Dear Mr. de Aryan:

A detail man for one of the BIG drug firms was in to see me this morning. He gave me some samples of "Vitamin" stuff. I askt him what the V in it was made from. He said from "B-1 stock". I askt what B-1 stock was made from. He said "from crude oil".

He said the public liked to be fooled, so his firm—to meet the demand of medical men, had to get in line with the faking.

I askt him how the labs made the white mice look so nice when they were "testing". He said they took care of those they wanted to look nice and fed them. The others they starved and mussed the fur up!

He then said to me "confidentially": Dr. White, U know I think a certain class of prescribing doctors, as well as "drugless" doctors are going to use the doped capsules and pills and sirups being made to carry this and that Vitamin . . . Some of them are using a dope as bad as opium, but no law yet against it. . . . "

It is no accident that so many persons are doped and cannot think! Every cigaret and every cocktail carries its deadly DOPE!

All best wishes.

Youthfully yours,
GEORGE STARR WHITE, M.D.

democracy

By Charles H. Ingersoll
(Of Dollar Watch Fame)

The Hatch Law, to try to keep people from backing with money the political horse of their choice, makes a lot of fun between the parties. It was passed of course to keep the rascals of "the other party" from bribery, outright or by indirection. But it seems to be a thorn in all the partisan flesh.

Ingersoll

If it is right to be drafted for office, why is it wrong to permit admirers to pay the freight?

How many gifted writers will now use their gift in explaining this war and its conclusions as having cause and effect inherent in it, and go to the root of causes before analyzing effects? Or how many will lose themselves and unfortunate readers in a maze of theory and confusion that reflets the war itself and its numerous components. The writers are sharping their typewriters. Look out for the heavy stuff.

Each war article shows how, instead of appealing to nature for the answer, we are aping Hitler, trying to out-dictate and outforce him, which in a democracy, is the hardest way to compete. Our vast success has been made by adherence to science, which is the interpretation of nature. But now we abandon science to follow barbarian models.

'American Taxation', a 16 pp brochure by John Salmon, of Baltimore, is, I think, the meatiest document of equal volume I ever read. Every line classifies its author as a **fundamentalist in economics,** which I consider as the rarest of distinctions—there being so few who stand the yardstick-test in this new science.

Labor and Capital must continue their civil war, until they discover that they are both being robbed by the same system of taxation and monopoly, which leaves them only about half their earnings to quarrel over.

Aryans Lick Labor Racketeers

Westbrook Pegler writing on March 17 from Fayetteville, N. C., while attempting to take a crack at "Aryanism", the doctrine of pure white race groups, goes ahead and proves that it is the most efficient defense against labor racketeers. He cites the instance where at Ft. Bragg the pure bred Anglo-Saxons kicked the unioneers out and went to work for the federal government **without paying one penny tribute** to the labor racketeers. Read it:

Anglo-Saxon Area

The region just around here is described by local authorities as almost purely Anglo-Saxon or Scotish, which seems to me to involve a contradiction right there, although I will waive the point, not being prepared to argue it. Because of their common blood the people have certain common characteristics, physical and temperamental, being mostly on the blond side, religious and dignified.

They are also quite independent and it was their firm unwillingness to be jerked around and told what they had to do by outsiders that stood off the carpetbagging unioneers and built Ft. Bragg without the special permission of the American Federation of Labor, at a saving to themselves of money which they had honestly earned. For Fayetteville and all the territory inhabited by this distinct strain, that is fine. More of that spirit elsewhere would put down the effrontery of those who began by pleading with workers to join unions but have now come to the point of commanding them to join.

Will Roosevelt & Jews Boycott Colombia ?

BOGOTA, Colombia,—Former President Alfonso Lopez, who has urged Colombia **not to become too deeply involved in defense cooperation** with the United States, was hailed by his faction as the new leader of the dominant Liberal party as a result of congressional elections.

The elections were considered likely to decide the nomination for president in 1942.

The pro-Lopez newspaper El Liberal declared Lopez candidates had won 55 seats in the national chamber, against 29 for the anti-Lopez candidates.

GAMBLING PLACES HELD 'NUISANCES' BY APPEAL COURT

SAN FRANCISCO,—The state district court of appeal held that gambling places may be enjoined as "public nuisances" by the state, paving the way for a wholesale drive against such establishments throughout California.

"There is nothing in the statute referred to which would support a conclusion that the legislature, in enumerating certain specific acts as nuisances, intended to exclude all those acts known to be such at common law," Justice Nourse wrote.

ROTHSCHILD'S RIGHTEOUS WAR

LONDON,—Britons hear from 30,000 pulpits every Sunday that the war they are fighting is a "righteous war".

MARRIAGE

An indefinable something

Contentment rates fairly well,

HELL IN MARRIAGE

I dreamed I had to stay in hell,
Said I: "No devil holds me there!"
And yet could I get out of it?
I tried it vainly in despair.

A something of tremendous power
Was holding firmly me in place,
And finally I found the cause,
It was my little child's sweet face.

And what no devil could have done,
Two shiny eyes accomplished fast,
Reminding me of bygone sins,
They kept me in the fiery blast.

Salary Increases for City Employees

(Over KGB, Wednesday 7:15 pm, March 19, 1941)

Here in San Diego the question is whether the city employees should get a straight salary raise of 8% or whether a sliding scale raise should be instituted to give a 20% raise to the low brackets, graduated so those who get the highest salaries would receive no increase at all.

Lets take an example: An employee making $100 a month would get $8 additional. One making $300 a month would get $24 additional. One making $500 a month would get $40 additional. But the fellow in the higher brackets won't starve if he did not get the $34 or $40. The fellow who makes only $100 is the man who needs the help badly. Suppose he got the 20% increase, he would receive $20 additional. He certainly needs it worse than the fellow with the $300 a month salary. I am all for the graduated increase and hope our burocrats get off their high horse and use some horse sense.

Original Ranchers' Market

The city council has called a conference to figure out a way by which the farmers who sell their produce at the Original Ranchers' Market, 8th avenue & G street, would not have to pay 19 individual $5 food inspection licenses, but only one $5 license for the whole market as the other large markets and wholesalers pay.

Symbols of Progress

Dear Mr. de Aryan:

In recent numbers of "The Broom", you speak of yourself as a **"Symbol".** We have known and admired you for some time, but during the past few days we have had the new pleasure of learning something about your sons, and I think that they are just about as fine examples of **symbols** as any I have ever seen—so may I please tell you how, as **symbols,** they have renewed my faith in humanity?

David is as interesting to visit with as any man one is likely to meet. Frederick is one of the best radio broadcasters I have ever heard. As **persons,** they are charming—bright, responsive, alert, intelligent.

As **symbols,** they should be an object-lesson to the youth of today. So frequently have we met boys and girls of the present generation who seem absolutely lacking in stamina, initiative, energy, mentality and character, that I, for one, had begun to believe that the human race was degenerating instead of progressing. Here at last, within a few days, I have become somewhat acquainted with two boys—only thirteen and sixteen years old, who are independent and energetic enough to earn forty dollars a month, and who are obviously outstanding in qualities of mind and character.

In such boys as the de Aryans, lies America's hope for the future, I truly believe, and not America's only but that of all humanity.

Sincerely yours, GERTRUDE HUGHES.

DuPaul, Candidate For City Attorney

(Political Statement)

City-wide support for the "candidate who actually wants to cut taxes" is being received daily by Jean F. Du Paul, able young candidate for city attorney.

A check of the scores of letters of congratulations, and the phone calls of encouragment reveals that the enthusiasm is not confined to any particular section, according to officials of the Du Paul Campaign committee.

"It looks as if taxpayers everywhere, East San Diego, Normal Heights, Adams Ave., University Heights, Logan Heights, Point Loma, the beach communities, and La Jolla, are 'pulling' for Du-Paul because of his $2,000,000 tax-saving plan", declared a member of the Du Paul committee.

Meanwhile, Du Paul is receiving calls from interested taxpayers as early as 6:30 a. m. and as late as 10:30 p. m.

"Thank the Lord, we've got a chance at last to vote for one man in the history of politics who has figured out a feasible program to save us money, instead of ways and means to waste our hard earned tax dollars," declared one serious-voiced citizen. "We're getting all our friends to pull for you, too."

Briefly, Du Paul proposes to refinance the city's outstanding bonded indebtedness to take advantage of the current cheap money market. The saving thus made will amount to more than $2,000,000 during the life of the bonds. The saving during the first year of the plan would exceed $250,000!

Du Paul also is advocating immediate development of the city's local water resources as a national defense measure.

"There seems to be a lot of pussy-foting about speedy developing the San Diego county water resources, and I for one, am committed to action on this matter . . .and action NOW!" Du Paul said.
